MEMORANDUM FOR: Colonel White

25X1A

[] has informed me that the Personnel Office has surveyed possibilities for cutting down on their ceiling. They have concluded that 9 present slots can be eliminated. However, since their existing ceiling does not include the 9 positions to be transferred from Logistics (in connection with the CPB consolidation), it is proposed that the matter be solved by merely permitting Logistics to keep the 9 positions. Therefore, no action at all need be taken on the Personnel Office memo which asked that you formally approve the transfer of the 9 positions from Logistics. If you agree, I'll return that memo without further action.
